next spring but during the closed season for baseball his address will be the brewery and he invites his friends to drop in and visit him.

Teal Raymond, who played such a sensational game at shortstop for Douglas during the fair tournament, has written for a place on the El Paso club after his season at Seattle closes. Raymond is leading the league in fielding and is going so good that Memphis is after his services.

An epidemic of sore armitis has been running loose in the long horn camp. Booles has had a shoulder that was as sensitive as a freshly made wound. Rumsey's elbow was in a similar condition while Gill and Gray have had a touch of the ailment during the past month. The pitchers attribute the trouble to the difference in altitudes and atmospheric conditions here from that to which they were accustomed in other places. All of them say they worked too soon after coming to El Paso and, with the warm sun as a stimulant, they overdid the good work and put a kink in their arms. But Booles is going good now, Rumsey thinks another week will see him away with the lark and Gill and Gray are now ready for the ump's signal to play ball.

Chevalier, the former Waco pitcher, who has been in El Paso for the past week, has signed with Bisbee and is now waiting for transportation before leaving for the City of the Hills.

Crittenden, catcher for Clifton, is in town and says he has quit the Highlanders.

DeWiggins, back from Cananea with two games unplayed to the satisfaction of the crowd, has gone to Las Cruces to visit his family before the Cananea series here.

## SPORTLETS.

Pipe the Texas league standing. Guess Shreveport isn't going some! Although in fifth place, she's a mighty good fifth and won't remain in that berth long. Shreveport didn't strike her winning streak until Flick joined the team.

Horizon, the favorite in the Clover stakes race at Gravesend, carried off the honors Thursday. The time was 1:01.

After St. Louis knocked Wiltse off the club in the first inning and the Cardinals looked to have a safe lead, the Glens came up in the ninth and batted in five runs, winning the game.

Lot of disappointed scribbles at Jeff's camp Thursday. They thought he would box Jim Corbett, but the white champion went fishing instead.

Fast track, clear weather and every other condition favorable allowed the favorites in the first four races at Buena Vista to cash in.

"Give men with red blood a chance," is the edict going out from all over California to governor Gillette. It is the slogan of those who want the fight to take place, and is done to offset the straight-laced crowd who are making efforts to induce the governor to stop the bout. Post cards bearing this legend are just about flooding the office, burying the expostulations inches deep.

Two home runs by McBride and Johnson, each time with men on bases, did for old Wildcat Donahue of the Detroit Tigers Thursday and Washington.

## CLIFTON RELEASES ITS CRACK CATCHER

Clifton, Ariz. June 10.—The Clifton squad has been further reduced by the release of catcher Crittenden, who left for Lawrence, Kansas, this morning. Critt is one of the best backstops who ever wore a Clifton uniform and led the club in hitting, but ever since joining the locals he has been discontented. Discontent is contagious in a losing team and the trouble Critt has stirred up has offset his playing ability.

Manager Riley was holding him pending a deal with Cananea or Bisbee. Lately, being after him, but the climax came after Sunday's game, when, in the presence of several fans he made statements that led to the belief of an attempt to throw the game. This stirred up both fans and players against him with the result that Crittenden has hit the long trail.

ARTESIA WINS ENDURANCE CONTEST FROM CARLSBAD

Artesia, N. M., June 10.—The local ball club defeated the Carlsbad team at this place to the score of 18 to 2, which represents the relative merits of the opposing pitchers.

## CACTUS LEAGUE DOPE

By N. M. Walker

CANANEA'S can cans will be over on the overland limited Friday evening for two games of mumble peg at the park Saturday and Sunday. Coming as strong as reinforced concrete, the Coble Dos boys are hankering for the two games which the Mavericks have to offer. It's Fat Wylie Saturday against one Booles and by the same token Sunday's game will be played with Thomas, the short arm wonder, and Rumsey for El Paso, opposing each other. This means that four pitchers who are showing class will appear in the two games and with a total of 16 men to back up their efforts the two games should be well worth the price of admission plus the street car fare.

While the Cananea and El Paso game is in progress Saturday afternoon, the Smelter hill contingent will be up and doing on the slag dump near the smelter. It is their hated rivals to the west that the Smelterites are going after, the same being the Portland Cement club with its baby blue uniforms. The game will start at 2:30 and there will be neither ground rules nor restrictions as to hitting in the clinches. Here is the way the two clubs will look after they have distributed themselves economically over the smelter hill ball park: Smelter--Batteries, Fichtner and Barkley; first base, W. Medina; second base, Tom Cotter; shortstop, P. Medina; third base, Wilkison; right field, Dickson; center field, Christie; left field, Bateman.

Portland Cement--Batteries, Finney, Potter and Taylor; first base, Bukey; second base, Grady; third base, Hooper; shortstop, Gray; left field, Kiefer; center field, Wood; right field, Willis.

First baseman Jackson is a near farmer. Just how near no one but he and Mrs. Jackson will ever know. Jack heard of a man who lived out East El Paso way who had a house, yard, chickens, cow and ducks which he wished to

rent on toto for the summer while he went on a vacation with his family. Jack and Mrs. Jack--beg pardon, Mrs. Jackson--taking little Margerie along to see the moo cows and the chickens and the rest of the barnyard folks, journeyed eastward on the Park line car to inspect the new found farm in the heart of the city. Everything was agreeable. The rent was right, the surroundings just suited one of Jack's artistic tastes and there was a fine large yard for blue-eyed Margerie to run at large in rompers and sunbonnet. All was lovely but one thing and that was a vital problem. None of the Jackson household knew how to milk a cow. As this was one of the stipulations of the contract, they were up against it. Duck Gowan, from Diana and understanding cows like he does high fives, offered to be the maid to the cow, but the distance between 800 and something upon and East El Paso was prohibitive and this scheme was abandoned. It is the Jacksons for an apartment during the rest of the ball season just because the tall boy's education as to the ways of the insect known as the cow was neglected when he was a child.

Brewmaster Gowan--get it--little Duck doing a Rogers. Bros. in Milwaukee start this winter. A little family history will here serve to liven the story. Duck is from Evansville, which is in Indiana. Evansville's claim to fame is Duckey, a plow works owned by a bunch of athletic brothers, and a brewery. Like the big El Paso banks, the first and last of the trio are going to consolidate this winter after the ball season closes. Duck is at home in a brewery, having spent his early days in the one at Evansville. When the players pack their ditty bags and head it for all four points of the compass, it's senior Gowan for Evansville on the Ohio. There he has a place awaiting him, where he will be the center fielder for the Evansville Brewing company, Ltd. Duck promises to return

## Dope On Texas League Games

Thursday's Games--Special Wire to The Herald.

EXTRA INNINGS PLAYED.

San Antonio, Tex., June 10.—A home run by Gribbens in the 11th won the game from San Antonio Thursday 2 to 1. The game was a pitcher's battle in which Ables and McKay divided honors until the last inning. It looked like San Antonio had the game won, but in the ninth Gribbens made a two bagger and McKay brought him in. This tied the score. The game then went two extra innings.

HARD FOUGHT GAME.

Galveston, Tex., June 10.—In a hard fought 10 inning game devoid of features, the Pirates took the first game of a series from the Sand Crabs Thursday by 5 to 3. Howell and Bradford both pitched fairly good ball, but the former let down in the 10th.

DALLAS DEFEATS WACO.

Waco, Tex., June 10.—Dallas romped on Ogles in the first inning Thursday and made enough to win, but doubled the runs during the rest of the game. The final score was 4 to 1. Waco's only run was a homer by Harblanson in the second. Torrey, of Dallas, managed to keep the hits well scattered.

HOUSTON WINS AT HOME.

Houston, Tex., June 10.—Houston won the first game on the return home from Oklahoma City by a score of 3 to 0. Hornsby was the stumbling block in the path of the Indians, as they were helpless before him. He allowed only four hits and kept them well scattered. Drohan was touched for 11 hits and some of them were bunched at critical periods.

## TEXAS LEAGUE NOTES

By Horace H. Shelton.

Tuesday's game put the Bronchos in the first place for the first time this season. For a time anyway the battle for first honors will be between that team and Houston, owing to the fact that Galveston has lost so many games lately.

There has been more extra innings played this season to date than the entire season last year. This goes to show that the teams are very evenly balanced.

Third baseman Netzel has been purchased by the Galveston Sand Crabs from the Montgomery club. He played last season under Donnelly at Peoria, Ill., in the Three-I league. In 118 games last season he was at the bat 485 times.

secured 112 hits, made 61 runs which gave him a batting average of .352. His fielding average was .872. He is expected to add materially to the strength of the team.

Hunter Hill of Houston is out of the game. There is hardly a game that he stays through. Every time he is banded, it costs \$5. If Hill has to pay his own fines he is not making much salary this year.

It now looks certain that the Waco aggregation will be among the leaders in the Texas league within the next 30 days. That team has not been able to crawl out of the cellar yet but it climbs a rung or two every day.

Torrey, Dallas's new pitcher from Mobile, has reported. He will soon be given an opportunity to show what material he is made of.

The National Baseball commission has ruled that Walter Morris, manager and part owner of the Fort Worth club, cannot recover the \$200 he paid the Savannah club for his release. In 1909 he was sold by the St. Louis Cardinals to Birmingham, passed from that team respectively to the Charleston (S. C.) club, the Knoxville club and the Fort Worth club. Savannah claimed to have retained a string on him and rather than stop playing while the matter was contested Morris paid \$200 for his release. He wished to recover this but the commission says he cannot.

Clarin, a catcher, has been purchased by Galveston from the Denver club of the Western league. He will replace either Stringer or Brown. He comes with a reputation as a speedy and heady player.

Tom Carlin, who is playing at third off and on for Houston, has been with several Texas league teams, starting with Fort Worth and playing last year with Galveston until for some reason he began to adorn the bench. He was finally released and Houston picked him up.

Shifting Artie Griggs from second to the outfield has not improved his playing with the St. Louis Browns and it looks like it was back to the brush for Artie. He will probably land with the San Antonio team. Of his playing the Globe-Democrat says: "When Jack

O'Connor removed the Luckless Griggs from second base he was trying to get him out of the danger zone, where the opportunity to make errors would be less, but judging from yesterday Jack will have to move him further than left field to do it. It was two poor pieces of fielding by Griggs and the miscue by Nenam that lost the game for St. Louis."

Surely the Houston team can now be called the "cast-offs" despite the fact that the team is making a hard fight for the pennant. Among the pitchers for that team is Hornsby, formerly of Waco and it would be hard for Waco to tell what became of the money they got in exchange for him. Watson was released by Oklahoma City. Mitchell was with Fort Worth last year and Morris evidently did not have money enough to keep him from going back to Houston. Truesdale was with Dallas last year but Dallas didn't value him at \$400 and he goes to Houston. Wickenbaker was formerly with Fort Worth and Rose was formerly with Austin. Every one of the Houston men except Mowry, Burch, Malloy and Hill have been tried by other Texas teams.

First baseman Conaway with the Waco team looks like a comer. He has been doing some excellent work of late.

Don't forget to watch the work of "Nig" Perrine with the Oklahoma Indians. This old ex-big leaguer is doing some mighty fine work at third base. His joints are not yet too stiff for him to fall to go after them.

Recently at Shreveport in the 15 inning game Gardner, the first baseman, made 24 putouts. That shows that the pitchers were doing good work, of course assisted by good fielding.

Bell, with Houston, is proving a good utility man. When Hill is banished from game, which is every once and a while, Bell comes in handy to be switched to shortstop.

ALPINE PLAYS MARATHON.

Alpine, Texas, June 10.—A ball game between Alpine and Marathon is scheduled to be played at Alpine Saturday afternoon.
